

THE OLD CANTEN.

Tell you, Jim, it ain't no use,
A soldier can't forget.
Those bloody scenes are just as fresh
As on the day we met;
But all the relics of the war,
The broken sword, I ween,
An' knapsack old, there is none like
The dear old tin canteen.

You recollect as well as I
The hunger and the thirst,
The mad career of horse and men,
Where rebel shells had burst;
But after all, you gray old vet,
The best remembered scene
Was when we stole a chance to drink
From out the old canteen.

I know, as well as any man
That wore the blue or gray,
That war is hardship, even at best,
Tho' Victory crown the day;
But yet, dear Jim, you gray old bat,
You know the freshest scene
Was when you drank the last drop
From out the old canteen.

We were in Libby! Yes, dear Jim,
We were among the first,
And Marathon, Thermopylae,
The bloody wars of erst,
New not the woe of rebel pens,
The guard of haughty men,
But even there did we forget
To love the old canteen?

Oh, yes, I know, the bit of rice,
The hoe-cake and the corn,
Like orient viands seemed to us
From dear old Plenty's horn;
But still, you one-legged, gray-haired Jim,
No memory is so green,
As when we risked our lives to kiss
The lips of that canteen.

But in the dust together lie
The boys in blue and gray,
The war is but a memory gone
Of that eventful day;
But as we wander 'mid their graves
Where willows softly lean,
We dimly see, thro' veiling tears,
That holy old canteen.

And while we bow above the graves,
That death, dear Jim, made one,
We must forget there ever was
A battle fought and won;
But if we cherish in our hearts
Some dear and holy scene,
Don't let the hallowed memory go
Of that old tin canteen.

GREAT INJUSTICE

The Facts Do Not Justify the Statements By The Bulletin

The homeopaths of Kentucky are out in a letter to the Legislature protesting against a bill which it is claimed has been introduced at the instance of Dr. McCormack of the State Board of Health and for the purpose of discriminating against the homeopaths and osteopaths. The letter claims that Dr. McCormack is the whole show in the State Board of Health. Among other things it says:

"A board which would prejudice a system of medicine of which it had no knowledge is no more fit to examine applicants than a board of five Presbyterians, one Methodist and one Baptist is to examine the orthodoxy of all theological students."

Dr. McCormack has for years been trying to build up a medical trust in Kentucky, and the bill referred to above and another of the same character now before the Legislature were probably prepared by him or at his instance. The Legislature will surely not be so narrow-minded as to encourage in any way his schemes. If any State Medical Commission is to be established the lawmakers should, in all justice and fairness, see that all the different schools of practice are given equal representation on the commission.—Bulletin.

The statement in the above article does great injustice to Dr. McCormack, and the facts do not justify the statement as to the purpose of the letters to the Legislature. The homeopaths have no cause for alarm or reason for complaint. The bill referred to is House Bill No. 283, offered by Mr. Newcomb, and after a careful examination of the bill we are unable to see wherein any discrimination exists. The Amendment, for the bill is an Amendment to our already existing medical law, does not affect the physicians now legally registered in the state, but is intended to better protect our citizens from quacks and incompetent men who could not be classed as empirics, who on account of the laxity of the existing law, will make our state a rendezvous, for it is a fact that nineteen-twentieths of the states in the Union have passed similar laws, and in many instances much more rigid laws than the one proposed in the Amendment. There could be no such thing as class legislation in this matter. What protects the allopath, alike protects the eclectic and homeopath. Dr. McCormack wrote the law adopted by American Medical Association in 1902 under which the homeopath was admitted to full membership in all County, State and United States Associations, this concession coming after a half century of ostracism.

Only last Saturday did he (Dr. McCormack) succeed in unifying the two opposing factions in the regular profession which had existed for more than a score of years in the state and city of New York.

Dr. McCormack's whole life seems to be given up to an effort for the betterment and upholding of the medical profession of all schools, and thereby becomes a benefactor of mankind.

A Cure for Eczema.

My baby had Eczema so bad that his head was solid mass of scabs, and his hair all came out. I tried many remedies but none seemed to do any permanent good until I used DeWitt's Witch Hazel Salve. The Eczema is cured, the scabs are gone and the little one's scalp is perfectly clean and healthy, and his hair is growing beautifully again. I cannot give too much praise to DeWitt's Witch Hazel Salve.—Frank Farmer, Bluff City, Ky. In buying Hazel Salve look out for counterfeits. LINENS OF MANY SORTS!

No one in a position to secure authoritative information questions the permanency of recent advances in flax, and not only the permanency but the great probability of further advances. Real bargains in linens are scarce, but the savings in the following list are real and substantial. It is Hunt linen buying plus the extra effort for this sale that makes such values possible. We can't enumerate all today, nor half, only a small part in fact—just one trump card from each suit.

TABLE LINEN, 50c Yard—Bleached Irish Damask, 62 in. wide. It is a 75c quality we've been selling for 69c. More details of Table Damask later, but don't wait for the paper. Seeing is better than reading. Come in.

TWELVE NAPKINS FOR ONE DOLLAR—Scotch linen,

"It is the law of American politics that no man can make himself a candidate for President, and no man can prevent himself from being a candidate for President."—From a statement made by the late James G. Blaine.

ASHLAND is advertising for bids on brick streets; and here is old Maysville, knee deep in mud and doesn't care a damn.

KENTUCKY is all right, you bet! She'll "git thar" if you will give her a little time. The Legislature passed a bill to build a new Capitol, after an agitation covering seventy-five years.

PAINE'S CELERY COMPOUND

"I WANT TO TELL
THE WHOLE WORLD,"

Writes Mrs. H. A. Welcher, Kingston, Texas, Cured of Fluxes and Ulcers of the Bowels by Paine's Celery Compound.

Paine's Celery Compound restores strength, renews vitality, regulates the bowels, and makes people well and strong. It is a standard and unfailing remedy in such delicate maladies as afflicted Mrs. H. A. Welcher of Kingston, Texas.

"I want to tell the whole world what Paine's Celery Compound has done for me," writes Mrs. Welcher. "For twenty-three years I have suffered with chronic flux or ulcers of the bowels, had eight or nine of the best physicians state at different times to wait on me, but never had any relief.

"I was treated by several of Knoxville's best doctors... But after seeing so many testimonials, and so many that I knew, I was induced by my son to try a bottle of Paine's Celery Compound. "Before I had used the first bottle I could feel quite a difference. I was getting stronger. I enjoyed my food more. After taking four bottles I was entirely cured. I only hope that the medicine will be placed in the reach of all suffering humanity."

Mrs. Claud Pollitt of West Fourth street is quite sick, the result of a fall she received several weeks ago.

Who is the lucky one? The drawing for the handsome diamond ring given away by P. J. Murphy, the Second street Jeweler, took place yesterday evening, 913 being the lucky number. The drawing was done by Messrs. John Duley, Eugene Merz and H. C. Sharp.

ABSOLUTE FAITH

Can Depend Upon the Word of this Maysville Citizen.

She has had the experience. She has thoroughly tested the article. She found it as represented. She has absolute faith in its merit. Mrs. Samuel Creighton of 351 East Fourth street says:

"Because of the proven value of Doan's Kidney Pills, I most cordially recommend them to others suffering from kidney trouble. The use of this medicine proved it to be worthy of confidence. My son procured it for me at J. Jas. Wood & Son's Drugstore, corner of West Second and Market streets."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute.

If the Legislature will pass a bill disfranchising all illiterates, without regard to age or color or politics, the people will ratify it at the polls. They ought not, and probably will not, indorse a bill so thoroughly partisan as the one fathered by Representative HEFLIN of the good county of Fleming.

THE Civil Service Commission, in its annual report, urges legislation to provide annuity insurance for the purpose of retiring superannuated Government employees. Certainly; nothing will be nicer. The Civil Service having fastened on the Government all its employees during life, they should be provided for when no longer able to draw their salaries—and their heirs should be voted a pension after they are dead! How much better this is than having an infusion of new and younger blood in the service with the changes of Administration! It's an insult to American intelligence to say that there are not enough honest and capable Democrats to fill the offices under Democratic Administrations, or that the same is not true as to the Republicans.

"I GAINED THIRTEEN POUNDS,
I AM WELL AGAIN."

Writes W. H. Ross, Pittsburgh, Pa., Cured of Malaria. "Never Felt Better in My Life."

This letter from a man who was cured twice—first of malaria, and later, of Nervous Exhaustion—will be read with interest by all those who are afflicted in similar ways. It is from Mr. Wm. H. Ross, 427 Smithfield street, Pittsburgh, Pa., and is dated September 21st, 1903:

"Last spring I was sick and debilitated from overwork. I was nervous and irritable, and could not sleep well. My appetite was poor, and I was incapacitated for business.

"I had taken Paine's Celery Compound before (and it had cured me of malaria), so I decided to try it again. After taking three bottles of the wonderful medicine I was once more in perfect health. I gained thirteen pounds in weight and never felt better in my life."

Malaria is a disease which weakens the entire system, and renders it particularly liable to the attacks of other diseases. All those who live in a malarial country should protect themselves, not only from malaria, but from the ills which may follow it, by taking Paine's Celery Compound, which gives the system strength to throw off, and keep off, the attacks of disease.

"Do not waste time dragging your SYMPTOMS—Cure the REAL CAUSE—THE NERVES."—Prof. E. E. Phelps, M. D., LL. D. of Dartmouth University—Famous Discoverer of Paine's Celery Compound.

A WOMAN'S COMPLEXION.

It is rank foolishness to attempt to remove sallowness or greyness of the skin by the use of cosmetics, or "local" treatment, as advocated by the "beauty doctors." The only safe and sure way that a woman can improve her complexion is by purifying and enriching the blood, which can only be accomplished by keeping the liver healthy and active. The liver is the seat of disease and blood pollution. Green's August Flower acts directly on the liver, cleanses and enriches the blood, purifies the complexion. It also cures constipation, biliousness, nervousness, and induces refreshing sleep. A single bottle of August Flower has been known to cure the most pronounced and distressing cases of dyspepsia and indigestion. New trial size bottle, 25c; regular size, 75c. At Henry W. Ray's Drugstore.

COUNCIL
PROCEEDINGS

Council met in regular session last night, Mayor Stallcup in the chair.

The Mayor reported that he had collected during the past month \$7,904.35 for licenses issued.

The report of the Police Judge was as follows:

Fines paid.....	\$ 23 50
Replevied.....	4 90
Worked out.....	83 70
Fi. fa.....	67 10
Total.....	\$179 20

The Wharfmaster reported net collections for the past month \$29.11.

The report of the City Treasurer totals as follows:

Balance.....	\$ 3,618 57
Receipts.....	10, 58 83
Total.....	\$14,207 40
Expenditures.....	6,978 56
Balance on hand.....	\$ 6,988 84

The Treasurer reported \$709.80 due the School Fund.

The report of the Claims and Accounts Committee was as follows:

Alms and Almshouse.....	\$ 233 11
Internal Improvements.....	57 65
Gas and electricity.....	545 52
Boarding and guarding prisoners.....	89 20
Miscellaneous.....	662 57
Total.....	\$1,648 05

A new innovation has been adopted. Hereafter the city's finances will be kept in two sets of books—the Treasurer one and the City Clerk one.

The Committee to overlook the books of the City Clerk and Treasurer—Robert Ficklin, Chairman—read a voluminous report showing the income and expenditures for the entire year. There was a discrepancy in the reports of the Clerk and Treasurer of last month corrected by the committee.

Treasurer Fitzgerald was allowed the floor to explain how the discrepancy between the Clerk and Treasurer and that of the committee was likely to occur. It was the outgrowth of a custom of ten years standing.

The Ways and Means Committee reported that they had paid off bonds amounting to \$15,725.32. A committee of two, consisting of Messrs. Dodson, and Ficklin was appointed to look over the above and reported everything o. k. and that the bonds be destroyed in the presence of Council.

Permits were granted to the following persons to build: Charles J. Collins, to erect a stable on Second street extension; William Spromberg, to erect a stable; Central Hotel, to make connection with adjoining building, 121 Market; Thomas Guilfoyle, a metal-roof building on Sutton street.

A proposition from Q. A. Means & Son to bury the city dead was accepted. Twelve years old \$13; under twelve, \$8, with sexton's fees.

A petition was read setting forth the necessity of passing an ordinance requiring all meat dealers to procure a license. The matter was referred to the License Committee.

Lawyer Collins presented and read a proposition from Mr. O'Donnell to collect Old Hoss taxes for 20 per cent.

Attorney Wood took the floor and tried to persuade Council that it was essential to accept this proposition. On a former occasion he spoke against the very point he was now in favor of. This knocked several members off their feet. They could not understand how the City Attorney could turn his coat in so short a time.

Tendency of the Times.

The tendency of medical science is toward preventive measures. The best thought of the world is being given to the subject. It is easier and better to prevent than to cure. It has been fully demonstrated that pneumonia, one of the most dangerous diseases that medical men have to contend with, can be prevented by the use of Chamberlain's Cough Remedy. Pneumonia always results from a cold or from an attack of influenza (grip), and it has been observed that this remedy counteracts any tendency of these diseases toward pneumonia. This has been fully proven in many thousands of cases in which this remedy has been used during the great prevalence of colds and grip in recent years, and can be relied upon with implicit confidence. Pneumonia often results from a slight cold when no danger is apprehended until it is suddenly discovered that there is fever and difficulty in breathing and pains in the chest, then it is announced that the patient has pneumonia. Be on the safe side and take Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. For sale by J. J. Wood & Son.

The whole matter was referred to the Law and Ordinance and Ways and Means Committee, with City Attorney added, to report at next meeting.

The protest from the Market street residents was read and ordered made a matter of record, which signifies that you can't repair.

In the matter of the \$150 contributed to the Board of Trade, a letter was read from the Directors showing how the money was expended. The communication was received and made a matter of record.

The bond of Policeman Ryan was read and accepted.

On motion it was ordered that the City Attorney be empowered to draw up a circular in regard to delinquent taxes, the same to be given to the policemen for collection.

The Chief of Police reported that all matters in his hands had been attended to.

The Ways and Means Committee was instructed to take up \$3,000 of a \$6,000 bond and use whatever other money that may come into their hands to further reduce the debt.

Council refused to allow Mr. John D. Roe \$50 for extraservices.

The Chief of Police was ordered to serve notices on S. N. Meyer to have a pavement put in front of his Plum street property. He was also instructed to notify several property owners in the Sixth Ward in regard to pavements in front of their property. He was further instructed to have Mr. P. J. Murphy remove his sign back from off the street.

Mr. Pat Sammons was granted permission to transfer his license from 119 to 121 Market.

The Ladies of the First Presbyterian Church were refunded \$3 they had paid as license fee.

In the matter of the Maysville Foundry and Machine Company, in regard to taxes, the matter was tabled.

Council adjourned.

Rev. Mr. Deering preached at Hebron Sunday night.

Henry Struve, aged 75, died at the home of his daughter, Mrs. H. W. Staton, in Brooksville of consumption. He was one of the leading merchants and most prominent tobacco buyers in Robertson and Bracken counties.

"GREATEST MARINE DISASTER ON RECORD."

Our enterprising neighbor, The Dover Messenger, has a very interesting account of the explosion of the Sultana in April, 1865, in which 1,500 Federal soldiers lost their lives. Corporal George M. Clinger was on board, but being a strong, bold swimmer saved his own life and that of a Michigan Captain. Both were picked up by the steamer Silver Spray. A half tone portrait of Corporal Clinger accompanies the account. It represents him in the vigor of early manhood—broad-shouldered, deep-chested, with manly features lightened by keen, bold eyes—a strong, soldierly face.

River
News

It is doubtful if the Queen City will make a Mardi Gras trip to New Orleans.

Pilots have been warned to be on the lookout for sunken barges, especially below Cincinnati.

The big towboat Sprague arrived in Louisville and will return South with a tow of coal for New Orleans.

Captain Fred Dippold of the towboat Tom Reese had a narrow escape from drowning near Gallipolis last Friday, when he fell off a barge into the river.

The James Moren, John A. Wood, Ed Roberts, Charles Brown and Pacific arrived at Louisville from Pittsburgh with their tows of coal, which they took over the falls to be taken South as soon as the tows can be made up.

The gauge now stands at 13.2 feet and falling at the rate of 1 1/2 inches an hour. As stated yesterday the ice is too heavy for navigation. If the weather continues favorable it is probable the boats will be out by Saturday.

The work of raising the towboat Bellevue, which went to the bottom of the river in fifteen feet of water Saturday near the foot of Towhead Island, is in progress. The Bellevue was built in Cincinnati in 1838 for use as a passenger ferry, to ply between that city, Bellevue and Dayton. After running in that trade for several years she was converted into a towboat and soon after that one of her boilers exploded while at the Cincinnati wharf and her engineer was injured. She was rebuilt several years ago at Madison, and before leaving the shipyards was purchased by the Louisville and Evansville Packet Company for use as a towboat and packet.

The letter of Miss Merkley, whose picture is printed above, proves beyond question that thousands of cases of inflammation of the ovaries and womb are annually cured by the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—Gradual loss of strength and nerve force told me something was radically wrong with me. I had severe shooting pains through the pelvic organs, cramps and extreme irritation compelled me to seek medical advice. The doctor said that I had ovarian trouble and ulceration, and advised an operation. I strongly objected to this and decided to try Lydia E. Pinkham's Vegetable Compound. I soon found that my judgment was correct, and that all the good things said about this medicine were true, and day by day I felt less pain and increased appetite. The ulceration soon healed, and the other complications disappeared, and in eleven weeks I was once more strong and vigorous and perfectly well. "My heartiest thanks are sent to you for the great good you have done me."—Sincerely yours, Miss MARGARET MERKLEY, 275 Third St., Milwaukee, Wis.—\$5000 forfeit if original of above letter proving genuineness cannot be produced.

Rev. Henry Denman, whose daughter died at West Union, O., recently, was formerly a citizen of Washington, where he was raised.

Some men have the luck to be designated "honorable" who may never have achieved anything in that line in the course of their existence.

That sparkling farce comedy, "A Bunch of Keys," will be presented in this city Thursday evening at the Opera-house and it is safe to predict that standing room will be at a premium before the curtain goes up on this humorous play, as it is the best of the late Charles Hoyt's plays. One of the secrets of the success of "A Bunch of Keys" is that Manager Rothner has jealously guarded against weakening by an indifferent cast or tawdry scenery and in these details an excellent discipline has been maintained.

BOARD OF TRADE

Addresses Itself to the Wide-Awake Merchants of Maysville

MAYSVILLE, KY., January 8, 1904.

To the Merchants of Maysville—Dear Sirs: On Saturday, February 20th, 1904, we have our Fifth Annual Tobacco Fair. The four which we have held in the past have proven to be very successful. They have attracted to our city the best element of all the surrounding country and a large representation from some of the principal cities of this state and Ohio. It has not only been a day of social pleasure, but a day which has brought customers to our city who have thronged our stores and gone away laden with goods from our counters. You all say, by no means let the season pass without a Tobacco Fair.

The question arises at this point, how much of a success would the Tobacco Fair be if no one displayed any more energy or interest in its promotion than you are now doing? How many farmers have you spoken to with reference to it? How many posters have you sent out? And yet you expect it to be a success.

The Tobacco Fair is "Our Fair." This appeal is to you to go to work and do your part toward making the Fifth Annual Tobacco Fair the greatest event in the history of Maysville. Plan some novel feature by which to advertise your business. Arrange to give some souvenir of the occasion which may be carried away by the visitor as a pleasant reminder of the event. Send premium lists out in all your letters. Yours, for success,
JOHN DULEY,
President Board of Trade.

A Mother's Recommendation.

I have used Chamberlain's Cough Remedy for a number of years and have no hesitancy in saying that it is the best remedy for coughs, colds and croup I have ever used in my family. I have not words to express my confidence in this remedy.—Mrs. J. A. Moore, North Star, Mich. For sale by J. Jas. Wood & Son.
